Sign up at ReadyMontco.org for Township Notifications

News Release Date
09-07-2023

Attention All Residents - We continue to get phone calls and emails that people are not receiving word on changes to trash collection and other township related items.

Information was sent out with everyone's tax bills, posted to this page, posted to the website, and included in the township newsletter to sign up at ReadyMoncto.org for township-wide notifications. Information must be provided on how you would like to be contacted. This is a free service. It is for both emergency and non-priority notifications. If you haven't already, PLEASE sign up today.

ReadyMontco replaced the ReadyNotifyPA system in June 2015 as the Montgomery County Department of Public Safety, along with its emergency management partners in the Southeastern Pennsylvania region, switched providers of our notification system.

After you've signed up for ReadyMontco, be sure to download the Everbridge mobile application for iPhone or Android. If you select mobile app push notifications as one of the contact pathways within your ReadyMontco account, it will provide us one more way to reach you in case of emergency. This may be particularly important if voice call and text message networks are running slow during periods of high demand, such as during and after a disaster.

In addition, the app allows you to receive notifications from other authorized public safety agencies who subscribe to Everbridge while you are in their coverage area. Whether you are on vacation, traveling for work, or visiting family and friends, you will be able to receive geo-fenced emergency alerts while you are away without having to subscribe to each individual jurisdiction's notification system.
